

**THE CORPORATION OF THE CITY OF NEW WESTMINSTER
HERITAGE REVITALIZATION AGREEMENT (108-118 Royal Avenue and 74-82 First Street)
BYLAW NO. 8339, 2022**

**A Bylaw to enter into a Heritage Revitalization Agreement under
Section 610 of the *Local Government Act***

WHEREAS the City of New Westminster and the owner of the properties located at 74 First Street, 82 First Street, 108 Royal Avenue, 112 Royal Avenue, 114 Royal Avenue and 118 Royal Avenue in New Westminster wish to enter into a Heritage Revitalization Agreement in respect of the properties;

NOW THEREFORE, the Council of the City of New Westminster enacts as follows:

Citation

1. This Bylaw may be cited as “Heritage Revitalization Agreement (108-118 Royal Avenue and 74-82 First Street) Bylaw No. 8339, 2022”.

Heritage Revitalization Agreement

2. The City of New Westminster enters into a Heritage Revitalization Agreement with the registered owners of the properties located at:

74 First Street, New Westminster, and legally described as:

PID: 003-959-252

NORTHERLY 60 FEET LOT 18 BLOCK 32 PLAN 2620 HAVING A FRONTAGE OF 60 FEET ON FIRST STREET BY A UNIFORM DEPTH OF 132 FEET AND ADJOINING LOTS 16 AND 17

and

PID: 012-912-441

LOT 18 EXCEPT: NORTHERLY 60 FEET HAVING A FRONTAGE OF 60 FEET ON FIRST STREET WITH A UNIFORM WIDTH THE FULL DEPTH OF LOT AND ADJOINING LOTS 16 AND 17, BLOCK 32 PLAN 2620

and

No PID NMBR
THAT PART OF BLOCK 32 SHOWN AS ROAD TO BE CLOSED ON PLAN EPP121184.

(together, the "Lands")

- 3. If the City and the registered owners of the Lands enter into a road closure and land exchange agreement and the registered owners of the Lands acquire, and consolidate with the Lands, a part of the Windsor Street (the "Closed Road") as shown in Appendix 7, the Heritage Revitalization Agreement will apply to the Closed Road.
- 4. The Mayor and City Clerk are authorized on behalf of the City of New Westminster Council to sign and seal the Heritage Revitalization Agreement attached to this Bylaw as Schedule "A".

READ A FIRST TIME this 13th day of June, 2022.

READ A SECOND TIME this 13th day of June, 2022.

PUBLIC HEARING held this _____ day of _____, 2022.

READ A THIRD TIME this _____ day of _____, 2022.

ADOPTED this _____ day of _____, 2022.

MAYOR JONATHAN X. COTE

JACQUE KILLAWEE, CITY CLERK

SCHEDULE "A"

HERITAGE REVITALIZATION AGREEMENT (108-118 Royal Avenue and 74-82 First Street)

THIS AGREEMENT dated for reference the 27th day of May, 2022 is

BETWEEN:

TPL DEVELOPMENTS ROYAL INC., Inc. No. BC1103289, 200-1111 West Hastings Street, Vancouver, BC V6E 2J3

(the "Owner")

AND:

THE CORPORATION OF THE CITY OF NEW WESTMINSTER, City Hall, 511 Royal Avenue, New Westminister, BC V3L 1H9

(the "City")

WHEREAS:

A. The Owner is the registered owner in fee simple of the land and all improvements located at:

74 First Street, New Westminister, and legally described as:

PID: 003-959-252

NORTHERLY 60 FEET LOT 18 BLOCK 32 PLAN 2620 HAVING A FRONTAGE OF 60 FEET ON FIRST STREET BY A UNIFORM DEPTH OF 132 FEET AND ADJOINING LOTS 16 AND 17

and

PID: 012-912-441

LOT 18 EXCEPT: NORTHERLY 60 FEET HAVING A FRONTAGE OF 60 FEET ON FIRST STREET WITH A UNIFORM WIDTH THE FULL DEPTH OF LOT AND ADJOINING LOTS 16 AND 17, BLOCK 32 PLAN 2620

and

No PID NMBR

THAT PART OF BLOCK 32 SHOWN AS ROAD TO BE CLOSED ON PLAN EPP121184.

(together, the "Lands");

- B. If the Owner and the City enter into a road closure and land exchange agreement and the Owner acquire, and consolidate with the Lands, a part of the Windsor Street (the "Closed Road") shown in Appendix 7, the Heritage Revitalization Agreement will apply to the Closed Road.
- C. There is one building situated on 82 First Street, known as the E.M.N Woods House (the "Heritage Building"), which is shown on the site plan attached as Appendix 1 (the "Site Plan");
- D. The City and the Owner agree that the Heritage Building has heritage value and should be conserved;
- E. The Owner wishes to relocate, make certain alterations to, restore, and rehabilitate the Heritage Building (the "Work");
- F. The Owner intends to apply to the City's Approving Officer for approval to file a subdivision plan (the "Subdivision Plan") in the Land Title Office in order to consolidate the Lands into a single parcel, generally as shown on the Site Plan;
- G. If the proposed consolidation of the Lands is approved by the City's Approving Officer, the Owner wishes to relocate the Heritage Building from 82 First Street to that portion of the Lands labeled on the Site Plan as "RELOCATED HERITAGE HOUSE", convert the Heritage Building into two (2) market strata units and to construct a new six to eight storey residential building containing 187 market strata (the "New Building") on that portion of the Lands labeled on the Site Plan as "NEW BUILDING – MULTIPLE UNIT RESIDENTIAL";
- H. Section 610 of the *Local Government Act*, RSBC 2015, Chapter 1 authorizes a local government to enter into a Heritage Revitalization Agreement with the owner of heritage property, and to allow variations of, and supplements to, the provisions of a bylaw or a permit issued under Part 14 or Part 15 of the *Local Government Act*;

- I. The Owner and the City have agreed to enter into this Heritage Revitalization Agreement (the "Agreement") setting out the terms and conditions by which the heritage value of the Heritage Building is to be preserved and protected, in return for specified supplements and variances to City bylaws;
- J. If the proposed consolidation of the Lands is approved by the City's Approving Officer, the Owner also wishes to relocate a building situated on 112 Royal Avenue (the "House") off-site.

THIS AGREEMENT is evidence that in consideration of the sum of ten dollars (\$10.00) now paid by each party to the other and for other good and valuable consideration (the receipt of which each party hereby acknowledges) the Owner and the City each covenant with the other pursuant to Section 610 of the *Local Government Act* as follows:

Conservation of Heritage Building

1. Upon execution of this Agreement, the Owner shall promptly commence the Work to the Heritage Building in accordance with the Heritage Conservation Plan prepared by Elana Zysblat CAHP, of Ance Building Services dated June 2021, a copy of which is attached hereto as Appendix 2 (the "Conservation Plan"), and the design plans and specifications prepared by CityState Consulting Services, dated June 15, 2021, in respect of the Heritage Building, and Iredale Architecture, dated March 16, 2022 and Landscape Plans prepared by ETA Landscape Architecture dated March 14, 2022, a copy of each of which are attached hereto as Appendix 5 (the "Approved Plans"), full-size copies of which plans and specifications are on file at the New Westminster City Hall.
2. Prior to commencement of the Work, the Owner shall obtain from the City all necessary permits and licenses, including a heritage alteration permit, building permit, and tree permit.
3. The Owner shall obtain written approval from the City's Director of Climate Action, Planning and Development for any changes to the Work or the Approved Plans, and obtain any amended permits that may be required for such changes, as required by the City.
4. The Owner agrees that the City may, notwithstanding that such permits may be issuable under the City's zoning and building regulations and the BC Building Code, withhold a heritage alteration permit or building permit applied for in respect of the Heritage Building if the work that the Owner wishes to undertake is not in accordance with the Conservation Plan or the Approved Plans.
5. The Work shall be done at the Owner's sole expense in accordance with generally accepted engineering, architectural, and heritage conservation practices. If any conflict or ambiguity arises in the interpretation of Appendix 2, the parties agree that the conflict or ambiguity shall be resolved in accordance with the "Standards and Guidelines for the Conservation of Historic Places in Canada", 2nd edition, published by Parks Canada in 2010.
6. The Owner shall, at the Owner's sole expense, erect on the Lands and keep erected throughout the course of the Work, a sign of sufficient size and visibility to effectively notify

contractors and tradespersons entering onto the Lands that the Work involves protected heritage property and is being carried out for heritage conservation purposes.

7. The Owner shall, at the Owner's sole expense, engage a member of the Architectural Institute of British Columbia or the Association of Professional Engineers and Geoscientists of British Columbia or the British Columbian Association of Heritage Professionals with specialization in Building or Planning (the "Registered Professional") to oversee the Work and to perform the duties set out in section 8 of this Agreement, below.

Role of Registered Professional

8. The Registered Professional shall:
 - (a) prior to commencement of the Work, and at any time during the course of the Work that a Registered Professional has been engaged in substitution for a Registered Professional previously engaged by the Owner, provide to the City an executed and sealed Confirmation of Commitment in the form attached as Appendix 3 and, if the Registered Professional is a member of the Canadian Association of Heritage Professionals, the Registered Professional shall provide evidence of their membership and specialization when submitting such executed Confirmation of Commitment;
 - (b) conduct field reviews of the Work with the aim of ensuring compliance of the Work with the Conservation Plan in Appendix 2;
 - (c) provide regular reports to the City's Climate Action, Planning and Development Department, on the progress of the Work;
 - (d) upon substantial completion of the Work, provide to the City an executed and sealed Certification of Compliance in the form attached as Appendix 4; and
 - (e) notify the City within one business day if the Registered Professional's engagement by the Owner is terminated for any reason.

Heritage Designation

9. The Owner irrevocably agrees to the designation of the Heritage Building as protected heritage property, in accordance with Section 611 of the *Local Government Act*, and releases the City from any obligation to compensate the Owner in any form for any reduction in the market value of the Lands, the New Building or the Heritage Building that may result from the designation.
10. Following completion of the Work, the Owner shall maintain the Heritage Building in good repair in accordance with the Conservation Plan in Appendix 2 and the maintenance standards set out in City of New Westminster Heritage Properties Minimum Maintenance Standards Bylaw No. 7971, 2018, as amended or replaced from time to time, and, in the

event that Bylaw No. 7971 is repealed and not replaced, the Owner shall continue to maintain the building to the standards that applied under Bylaw No. 7971 immediately prior to its repeal.

11. Following completion of the Work in accordance with this Agreement, the Owner shall not alter the heritage character or the exterior appearance of the Heritage Building, except as permitted by a heritage alteration permit issued by the City.

Damage to or Destruction of Heritage Building

12. If the Heritage Building is damaged, the Owner shall obtain a heritage alteration permit and any other necessary permits and licenses and, in a timely manner, shall restore and repair the Heritage Building to the same condition and appearance that existed before the damage occurred.
13. If, in the opinion of the City, the Heritage Building is completely destroyed, the Owner shall construct a replica, using contemporary material if necessary, of the Heritage Building that complies in all respects with the Conservation Plan in Appendix 2, the Approved Plans in Appendix 5, and with City of New Westminster Zoning Bylaw No. 6680, 2001 as amended (the "Zoning Bylaw"), as varied by this Agreement, after having obtained a heritage alteration permit and any other necessary permits and licenses.
14. The Owner shall use best efforts to commence and complete any repairs to the Heritage Building, or the construction of any replica building, with reasonable dispatch.

Relocation of the House

15. Upon execution of this Agreement, the Owner shall make reasonable efforts to advertise and offer the House for sale and relocation to a location other than the Lands for a purchase price of \$0 and a minimum \$30,000.00 contribution by the Owner towards costs of relocating the House.
16. If, prior to commencement of the excavation of the Lands, the House has not been sold, the Owner may demolish the House and pay to the City a contribution in the amount of \$30,000.00 for general serving amenities.
17. Prior to commencement of the relocation or demolition of the House, the Owner shall obtain, or if the House has been sold the purchaser, the purchaser of the House shall obtain all necessary permits, licenses, approvals and authorizations for the demolition or relocation, as applicable, from all municipal and provincial governmental authorities having jurisdiction.

Construction of the New Building

18. The Owner shall construct the New Building in strict accordance with the Site Plan and the Approved Plans.

19. Prior to commencement of construction of the New Building, the Owner shall obtain from the City all necessary approvals, permits, and licenses, including a heritage alteration permit, building permit, and tree permit and approval of the City's Approving Officer to file the Subdivision Plan in the Land Title Office.
20. The Owner shall obtain written approval from the City's Director of Climate Action, Planning and Development for any changes to the New Building, and obtain any amended permits that may be required for such changes to the New Building, as required by the City.
21. The Owner agrees that the City may, notwithstanding that such permits may be issuable under the City's zoning and building regulations and the BC Building Code, withhold a heritage alteration permit or building permit applied for in respect of the New Building if the work that the Owner wishes to undertake is not in accordance with the Approved Plans.
22. The construction of the New Building shall be done at the Owner's sole expense and in accordance with generally accepted engineering and architectural practices.

Timing and Phasing

23. The Owner acknowledges and agrees that no building permits above grade (permits for work on levels 01, 02 03, 04, 05 or 06 of the Approved Plans) applied for in respect of the New Building shall be issued until the Owner has commenced and completed all actions required for the completion of the Work set out in Appendix 8 under the heading "HH Phase 1 – structural conservation".
24. The Owner acknowledges and agrees that no insulation inspection by the City in respect of the New Building shall be issued until the Owner has commenced and completed all actions required for the completion of the Work set out in Appendix 8 under the heading "HH Phase 2 – exterior/finishing conservation".
25. The Owner acknowledges and agrees that no occupancy permit for the New Building will be issued until the Owner has completed the Work in respect of the Heritage Building to the satisfaction of the City's Director of Climate Action, Planning and Development, has provided the Certification of Compliance described in section 8(d) above, and has approval of the City's Approving Officer to file the Subdivision Plan in the Land Title Office.
26. The Owner shall complete all actions required for the completion of the Work and the New Building, as set out in Approved Plans in Appendix 5, within five years following the date on which the Owner deposits the Subdivision Plan in the Land Title Office.

Consolidation

27. Nothing in this Agreement commits the Approving Officer to approve the proposed consolidation of the Lands.

Inspection

28. Upon request by the City, the Owner shall advise or cause the Registered Professional to advise, the City's Climate Action, Planning and Development Department, of the status of the Work.
29. For the duration of the Work and the construction of the New Building as authorized by this Agreement, without limiting the City's power of inspection conferred by statute and in addition to such powers, the City shall be entitled at all reasonable times and from time to time to enter onto the Lands for the purpose of ensuring that the Owner is fully observing and performing all of the restrictions and requirements in this Agreement to be observed and performed by the Owner.
30. The Owner agrees that the City may, notwithstanding that a final inspection may be issuable under the City's zoning and building regulations and the BC Building Code, withhold a final inspection or occupancy certificate applied for in respect of the Heritage Building or the New Building if the Owner has not completed the Work with respect to the Heritage Building or construction of the New Building to the satisfaction of the City's Director of Climate Action, Planning and Development.
31. The Land shall not be subdivided by any means other than in accordance with the Subdivision Plan, including by deposit of a strata plan of any kind under the *Strata Property Act* (British Columbia) in respect of the Heritage Building or the New Building if the Owner has not completed the Work with respect to the Heritage Building or construction of the New Building to the satisfaction of the City's Director of Climate Action, Planning and Development.

Conformity with City Bylaws

32. The City of New Westminster Zoning Bylaw No. 6680, 2001, is varied and supplemented in its application to the Lands in the manner and to the extent provided and attached as Appendix 6.
33. The Owner acknowledges and agrees that, except as expressly varied by this Agreement, any development or use of the Lands, including any construction, alteration, rehabilitation, relocation, restoration and repairs of the Heritage Building or New Building, must comply with all applicable bylaws of the City.

No Application to Building Interiors

34. Unless otherwise stated in this Agreement or set out in the Conservation Plan, the terms and conditions of this Agreement respecting the Heritage Building and New Building apply only to the structure and exterior of the buildings, including without limitation the foundation, walls, roof, and all exterior doors, stairs, windows and architectural ornamentation.

Enforcement of Agreement

35. The Owner acknowledges that it is an offence under Section 621(1)(c) of the *Local Government Act* to alter the Lands, the Heritage Building or the New Building in contravention of this Agreement, punishable by a fine of up to \$50,000.00 or imprisonment for a term of up to 2 years, or both.
36. The Owner acknowledges that it is an offence under Section 621(1)(b) of the *Local Government Act* to fail to comply with the requirements and conditions of any heritage alteration permit issued to the Owner pursuant to this Agreement and Section 617 of the *Local Government Act*, punishable in the manner described in the preceding section.
37. The Owner acknowledges that, if the Owner alters the Lands, the Heritage Building or the New Building in contravention of this Agreement, the City may apply to the British Columbia Supreme Court for:
 - (a) an order that the Owner restore the Lands or the Heritage Building or the New Building, or all, to their condition before the contravention;
 - (b) an order that the Owner undertake compensatory conservation work on the Lands, the Heritage Building, or the New Building;
 - (c) an order requiring the Owner to take other measures specified by the Court to ameliorate the effects of the contravention; and
 - (d) an order authorizing the City to perform any and all such work at the expense of the Owner.
38. The Owner acknowledges that, if the City undertakes work to satisfy the terms, requirements or conditions of any heritage alteration permit issued to the Owner pursuant to this Agreement upon the Owner's failure to do so, the City may add the cost of the work and any incidental expenses to the taxes payable with respect to the Lands, or may recover the cost from any security that the Owner has provided to the City to guarantee the performance of the terms, requirements or conditions of the permit, or both.
39. The Owner acknowledges that the City may file a notice on title to the Lands in the Land Title Office if the terms and conditions of this Agreement have been contravened.
40. The City may notify the Owner in writing of any alleged breach of this Agreement and the Owner shall have the time specified in the notice to remedy the breach. In the event that the Owner fails to remedy the breach within the time specified, the City may enforce this Agreement by:
 - (a) seeking an order for specific performance of the Agreement;
 - (b) any other means specified in this Agreement; or

(c) any means specified in the *Community Charter* or the *Local Government Act*,

and the City's resort to any remedy for a breach of this Agreement does not limit its right to resort to any other remedy available at law or in equity.

Statutory Authority Retained

41. Nothing in this Agreement shall limit, impair, fetter, or derogate from the statutory powers of the City, all of which powers may be exercised by the City from time to time and at any time to the fullest extent that the City is enabled.

Indemnity

42. The Owner hereby releases, indemnifies and saves the City, its officers, employees, elected officials, agents and assigns harmless from and against any and all actions, causes of action, losses, damages, costs, claims, debts and demands whatsoever by any person, arising out of or in any way due to the existence or effect of any of the restrictions or requirements in this Agreement, or the breach or non-performance by the Owner of any term or provision of this Agreement, or by reason of any work or action of the Owner in performance of its obligations under this Agreement or by reason of any wrongful act or omission, default, or negligence of the Owner.

43. In no case shall the City be liable or responsible in any way for:

- (a) any personal injury, death or consequential damage of any nature whatsoever, howsoever caused, that be suffered or sustained by the Owner or by any other person who may be on the Land; or
- (b) any loss or damage of any nature whatsoever, howsoever caused to the Lands, or any improvements or personal property thereon belonging to the Owner or to any other person,

arising directly or indirectly from compliance with the restrictions and requirements in this Agreement, wrongful or negligent failure or omission to comply with the restrictions and requirements in this Agreement or refusal, omission or failure of the City to enforce or require compliance by the Owner with the restrictions or requirements in this Agreement or with any other term, condition, or provision of this Agreement.

No Waiver

44. No restrictions, requirements, or other provisions of this Agreement shall be deemed to have been waived by the City unless a written waiver signed by an officer of the City has first been obtained, and without limiting the generality of the foregoing, no condoning, excusing or overlooking by the City on previous occasions of any default, nor any previous written waiver, shall be taken to operate as a waiver by the City of any subsequent default or in any way defeat or affect the rights and remedies of the City.

Interpretation

45. In this Agreement, "Owner" shall mean all registered owners of the Lands or subsequent registered owners of the Lands, as the context requires or permits.

Headings

46. The headings in this Agreement are inserted for convenience only and shall not affect the interpretation of this Agreement or any of its provisions.

Appendices

47. All appendices to this Agreement are incorporated into and form part of this Agreement.

Number and Gender

48. Whenever the singular or masculine or neuter is used in this Agreement, the same shall be construed to mean the plural or feminine or body corporate where the context so requires.

Joint and Several

49. If at any time more than one person (as defined in the *Interpretation Act* (British Columbia)) owns the Lands, each of those persons will be jointly and severally liable for all of the obligations of the Owner under this Agreement.

Successors Bound

50. All restrictions, rights and liabilities herein imposed upon or given to the respective parties shall extend to and be binding upon their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the Owner and the City have executed this Agreement as of the date written above.

Statement of Significance

Description of the Historic Place

The E.M.N. Woods House is a 1 and 1/2 storey, Victorian Arts & Crafts style house located between Queen's Park and Albert Crescent at the southeast corner of Royal Avenue and 1st Street in downtown New Westminster.

Heritage Value of the Historic Place

Built in 1890, the E. M. N. Woods House is associated with the late 1880s development boom in New Westminster, sparked in response to the announcement of the arrival of the Canadian Pacific Railway to the area. Located on a short stretch of First Street connecting Queen's Park and Albert Crescent, the E. M. N. Woods House was constructed in what was considered the most exclusive area of early New Westminster. The lots on Park Lane (the original name of First Street) were advertised in local papers as some of the 'finest' in the city and the subject building's corner location adds to this prestige.

The building's association with its developers and first residents - pioneers, notable and affluent citizens of the city - expresses the prestigious status of this location in the Victorian era. When Edward Montague Nelson Woods - the son of the local Archdeacon Charles T. Woods - commissioned the construction of this residence, he had been recently married and inducted as a barrister. His new wife Emily Sophia Dickinson was the daughter of New Westminster Mayor Robert Dickinson whom the nearby Dickinson Street is named for.

The E. M. N. Woods House is important as an example of one of approximately two dozen buildings generated by the brief partnership between two prolific architects in 1890 and 1891 - Samuel Maclure

and Charles Clow. New Westminster-born architect Samuel Maclure, who is considered the leading residential architect in British Columbia in the early twentieth century, had just begun his distinguished career when the E. M. N. Woods House was designed in 1890. Shortly after the subject house construction, Maclure moved on to work in Victoria and then Vancouver where he left an invaluable built heritage legacy. Charles Clow began his practice in New Westminster in 1887 and remained active in the area for close to 30 years, especially while New Westminster was rebuilt after the fire of 1898.

The building's elaborate display of the Victorian Arts & Crafts style expresses an elite architectural trend of the late 1880s and early 1890s.

The flat-roofed apartment addition attached to the side of the house was constructed in 1958 during a time when the neighbourhood shifted towards rental units and the house was adapted as a multi-family rental property for working-class families - its continuous use for the last six decades. The survival of the 1890 residence, alongside only a handful of other early single-family homes, in a neighbourhood that has transformed through zoning changes to dominantly apartment buildings, is even more important as the oldest surviving building on this block of 1st Street.

Character-Defining Elements

- continuous residential use since 1890
- continuous multi-family residential rental use since 1958
- location on First Street at the corner of Royal Avenue, with views towards the Fraser River
- residential form and scale as expressed in its cross plan, and one and one-half storeys plus basement height
- wood-frame construction
- complex, intersecting gabled roof design with hip dormers on two sides
- projecting front porch with columns and brackets
- evidence of porch extending across the front and around the north side of the house, now enclosed
- half-timbered, stuccoed gables with decorative bargeboards
- gable ornaments
- original 6-panelled wood front door and decorative leaded sidelights with wood trim
- decorative leaded casement window with transom on the north side of the house, main floor
- divided-light wood windows in upper storey
- corbeled brick chimney shaft with decorative Victorian brickwork

Historic Brief

Although parks and public plazas were allocated in New Westminster's first plan drawn by the Royal Engineers in the early 1860s, there was almost no development beyond the Royal City's original northern boundary of Royal Avenue until the 1880s.

The announcement of the arrival of the CPR to Vancouver, with a branch line to New Westminster caused a huge building boom between 1887-1898, transforming the small town into a real city.

At the time this map (right) was drawn in 1892, New Westminster had not only a train station but a streetcar system, electric street lights, and expanded boundaries well beyond Royal Avenue to include suburbs such as Queen's Park, Sapperton and Queensborough. Queen's Park was refined and designed with public gardens, walkways and sports fields.

It was during this Victorian-era growth and investments in infrastructure that residential development really began in the streets around Queen's Park which would become a neighbourhood named after the park. Numerous late 1880s and early 1890s grand homes were built in the Queen's Park neighbourhood, establishing its reputation as a prestigious area located at a commanding distance from the industrial riverfront and busy downtown core. The subject house is directly linked to this development period.

The blocks in the vicinity of the subject house (marked in red) were already subdivided at this time as they were located on to the streetcar line which came from downtown along Columbia, Leopold, Royal, Park Row, up 1st Street, 3rd Avenue, Pine Street, 4th Avenue and then out along 6th Street. Another high-end residence surviving on this block of First Street is that of Mayor Keary (72 First Street - 1902).

The developers of the subject property were newlyweds Edward M. N. Woods and Emily S. Dickinson. Woods was a lawyer, the son of Archdeacon Charles T. Woods, who came to British Columbia in 1860 to take charge of the collegiate schools of Victoria where Edward was born in 1862. As archdeacon of

City of New Westminster map, by R.J. Williams, Ottawa. 1892. source: City of Vancouver Archives Map 617

BC, Woods was sent to New Westminster in 1868 where he served at St. Mary's Sapperton Parish until his death in 1895. Edward Woods passed the Bar in 1889 and set up practice as a barrister on McKenzie Street in 1890, the same year of his marriage and the construction of the subject house. His legal cases were regularly mentioned in the newspapers. The Woods were highly involved in the local community - Edward was politically involved in the Liberal party, played on the New Westminster Cricket Club and Emily served as a judge on various competitions at Queen's Park Royal City Fair and was an organist at Holy Trinity Cathedral. They were among the main donors for the construction of St. Mary's Hall in 1892. Together they were members of the Royal City Regatta Club where they won several sailing competitions. After 10 years at the subject house the Woods family relocated to Atlin, where Edward had invested in some mining claims and later settled in Vancouver where he reopened his legal practice in the Birks Building.

After the devastating fire of 1898, which burned down much of downtown New Westminster between Tenth and Fourth Streets, another 12-year growth spurt commenced in the city. Specific improvements to Queen's Park were sparked by the 1905 Canadian National Exhibition held in the park, for which new exhibition buildings were constructed. Paving and concrete sidewalks introduced to the neighbourhood in 1906 and by 1913 the number of homes in Queen's Park had doubled.

The population of the city grew over the decades putting pressure on single-family dwellings in the downtown area. After World War II, a city-wide housing shortage brought expansion to new neighbourhoods, but also sparked the replacement of most downtown houses with low-rise apartment buildings in the 1950s. In the case of the subject property, mid-century development was introduced as an addition to the house in 1958 and a layer of stucco was applied to both buildings to join them aesthetically. Low-rise mid-century apartment buildings dominate the streetscape character of this eastern part of the downtown neighbourhood today, leaving early single-family dwellings as rare, often isolated scenario. The few surviving single-family homes on Royal Avenue have needed to adapt to the high-traffic, noisy context of what is now a major inter-city arterial and have responded by planting tall, dense hedges and using rear entrances. The subject block is unique in that it has several single-family homes surviving on it.

Research Findings

Civic address: 82 First Street, New Westminster BC (Originally St. Anne's Street/Park Lane)

Legal description: LOT C, BLOCK 32, PLAN NWP12722 GROUP 1

Date of construction: 1890 (New Westminster CityViews permit database)

Builder: W. D. Purdy (New Westminster Heritage Inventory for Albert Crescent)

Architects: Maclure & Clow (Daily Columbian newspaper, Dec 31 1890, pg 4)

Original owners and residents: Edward Montague Nelson Woods & Emily Sophia Dickinson

Residents at 82 First Street

1891 - 1899 - Edward Montague Nelson Woods (Barrister) & Emily Sophia Dickinson

1900 - 1906 - Robert Huntley Gordon (insurance Agent)

1908 - 1950 - Cliff J. W. (postmaster) & Jessie Duncan Lord

1951 - 1990 - George A. (Welder at Marathon Machinery) & Sylvia Levers*

*The Levers built the 1958 rental addition.

Conservation Objectives

Restoration is the overall conservation objective for the historic house.

Rehabilitation is the conservation objective for the property.

As the immediate context of the property has dramatically changed from a quiet, prestigious residential corner to a noisy, high-traffic arterial, the the subject house will be relocated to a more pedestrian-focused, quiet section of the block- to benefit the quality of life in the house and allow its restoration efforts to be intimately seen and appreciated. The historic house will be relocated from its corner location on First Street and Royal Avenue, and repositioned approximately 65 feet south on the same street, linking the old house with a grouping of early homes at the southern half of the block. This will also allow for a new L-shaped apartment complex to be constructed at the corner, creating an interior pedestrian-friendly plaza shielded from Royal Avenue. The subject building will retain its residential use, but be restored to a single-family massing and appearance with the removal of the 1958 addition. The proposed development does not negatively impact the exterior design of the historic house, nor significantly affect the property's Character Defining Elements and Heritage Values.

Preservation: *The action or process of protecting, maintaining and/or stabilizing the existing materials, form and integrity of an historic place or of an individual component, while protecting its heritage value.*

Restoration: *The action or process of accurately revealing, recovering or representing the state of a historic place or of an individual component, as it appeared at a particular period in its history, while protecting its heritage value.*

Rehabilitation: *The action or process of making possible a continuing or compatible contemporary use of an historic place or of an individual component, through repair, alterations, and/or additions, while protecting its heritage value¹.*

Rendering of the proposed development showing the historic house in its new, adjusted location (circled) and the new apartment complex.

¹ definitions from the Standards & Guidelines for the Conservation of Historic Places in Canada (2nd edition)

Condition Assessment

Overall the building is in **good** condition.

a. Structure

The exterior building lines are true to the eye, there is no visual evidence of structural distortion or obvious failures.

b. General Wood Elements

Exterior wood elements - window and door trim boards, tongue & groove soffits and gable finials are all in good condition. Facia boards, half timbering in gables and front porch railing cap are in fair condition as they appear to have lacked paint maintenance. There is no evidence of wood rot, damage or missing parts in any of the above mentioned elements.

The condition of the original wood cladding and other wood elements such as brackets or additional trim boards underneath the stucco, is unknown at this time.

1 window trim

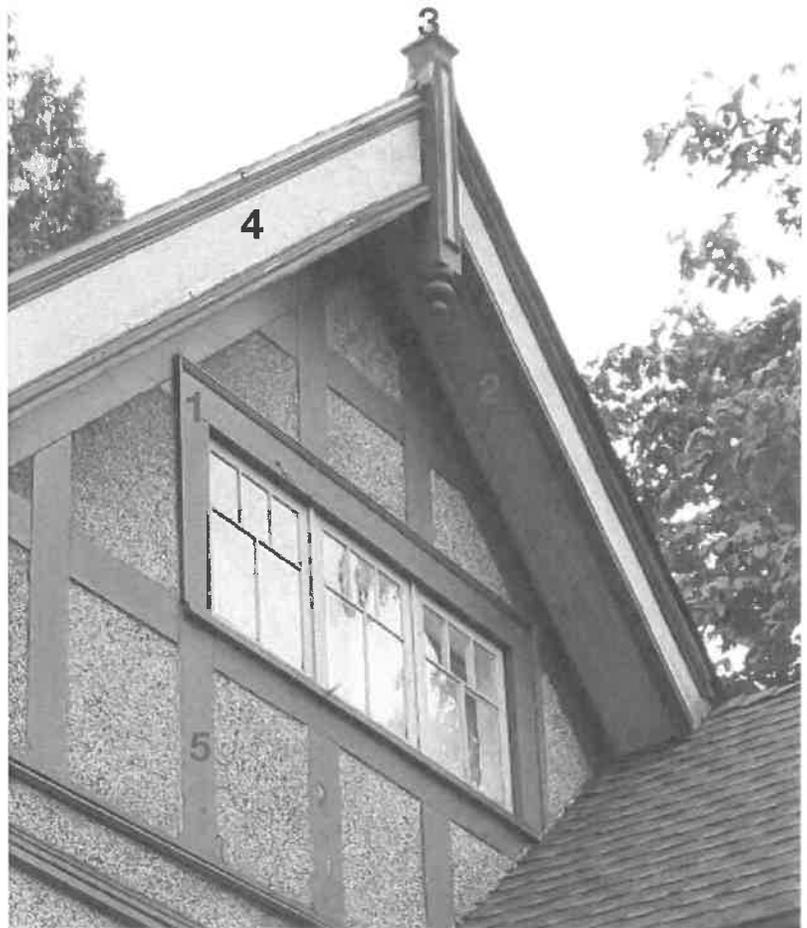

2 soffit

3 gable finial

4 facia board

5 half timbering

6 railing cap

c. Roofing and waterworks

The asphalt shingle roof and aluminum gutters are in excellent condition and appear to have been installed within the last 5-10 years.

d. Windows and Doors

The 1890 portion of the building retains many original window and door openings as well as some original window sashes. The condition of the surviving windows and doors is good. See details below:

facade (east elevation)

1 gable triple-assembly window

2 & 3 front door leaded side lights

4 panelled front door

side (north elevation)

5 staircase leaded triple assembly with art glass transom

6 gable window opening, missing original sash

7 original side door opening, missing original door

rear (west elevation)

8 dormer double assembly windows

side (south elevation)

9 dormer double assembly windows. One sash is missing where an air conditioning unit was installed.

All original window sashes and doors require further assessment but in general are in good, repairable condition.

e. Finishes

The painted finish on the wood elements is in fair condition.

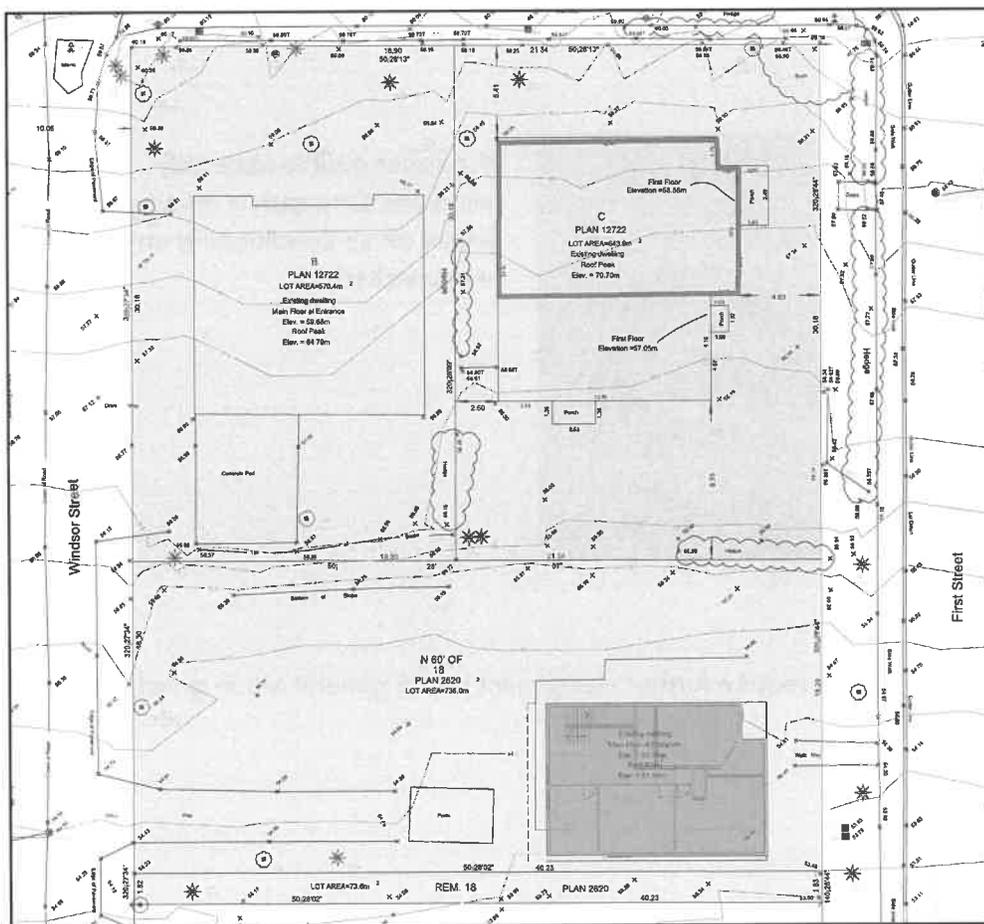

Recommended Conservation Procedures

a. Structure and site - Restoration and *Rehabilitation*:

Restore the historic house building structure in its new location, while introducing a new ground-level unit, thus converting the building into a two-family dwelling. Improve the functionality and liveability of the historic house through internal and mechanical alterations, not visible on the exterior. Remove 1958 additions - back porch and flat-roofed attachment to the south.

Rehabilitate the historic property by introducing a new multi-family development to significantly increase density at this site.

The below site plan shows the historic house in its current (red outline) and proposed (solid purple) locations:

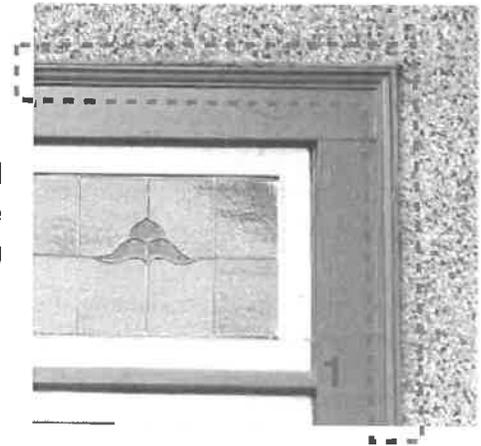

source for site plan: Iredale Architecture

b. General Wood Elements - Preservation and Restoration:

Preserve the following visible, original exterior wood elements:

1 window trim - The original 5.5" window and door casings survive on the building around many original openings such as in the photographs below, however an additional back band moulding was added (outlined in red in photo - right), likely at the time the stucco was applied in 1958. This additional moulding should be removed where present.

2 soffits, 3 gable finials, 4 fascia boards, 5 half timbering
6 railing caps.

Repair any of the above wood elements with a thorough paint preparation (sanding down to sound paint layer, caulking and priming).

Only replace (in-kind) any individual element or portion of element that is identified as damaged beyond repair - with like species, dimensions and profiles of wood. At this time no visible wood elements are observed to be damaged beyond repair.

At this time, we have no confirmed knowledge of the condition or design of the non-visible wood elements on the subject building - especially the cladding, the front porch columns and brackets and any trim boards that have all been covered in stucco.

The following restoration assumptions are based on two other Maclure & Clow houses of the same era and neighbourhood - the Hill Residence (400 block of Fourth St., now demolished) and the English Residence (survives at 119 Royal Avenue). The subject house scale is more in line with the Hill Residence, pictured below in an archival photograph, and for this reason the cladding, column and porch elements recommended here are similar to those of the 1891 Maclure & Clow designed Hill Residence.

When more invasive investigation of the elements below the stucco layer are possible, this plan can be amended if necessary to reflect the original wood elements and their condition.

"Idlewild," home of A.J. Hill photographed ca. 1905. source: New Westminster Museum & Archives IHP0058

Restore the following non-visible, original exterior wood elements:

1 gable boards - currently stuccoed, originally wood boards

2 altered window & door trim - where window openings were altered, the trim size was changed. Restore all window and door trim on historic house to original 1890 dimension as per front door and sidelights trim.

3 front porch columns - currently stuccoed, originally wood posts, likely turned.

4 porch brackets - currently stuccoed, originally wood brackets, likely ornamental cut outs like the image on the right.

5 cladding - currently stuccoed, originally wood. Likely 1890s drop siding, as per other Maclure & Clow houses of the same era.

6 trim boards - currently stuccoed, originally wood. Likely a 10" trim board below gable, a 10" after table at main floor and a 5.5" trim board capping the porch entry.

The below crop from the proposed elevation drawings illustrates some of the restored wood elements on the facade elevation:

source for elevation drawing:
CityState Consulting Group Ltd.

- 1 gable boards restored to wood**
- 2 stucco removed and wood cladding repaired**
- 3 window trim restored to historic dimensions and materials**
- 4 window sash restored to historic dimensions and materials**
- 5 turned wood columns exposed and restored**

c. Roof and Rainwater Works - Restoration:

Restore roof to a traditional cedar shake roof installed in standard coursing.

Install new "Colonial" K-style gutters and 2"x2" square downspouts - in Edwardian Pewter VC-23. Do not install downspouts facing the street.

d. Windows and Doors - Restoration:

Systematically and thoroughly repair all the original wood windows as identified on pages 14-15 with the aid of a specialized wood window carpenter. Wood windows need to be individually assessed for putty and glass repair, and for hardware integrity and operability. All windows need thorough paint preparation and repainting.

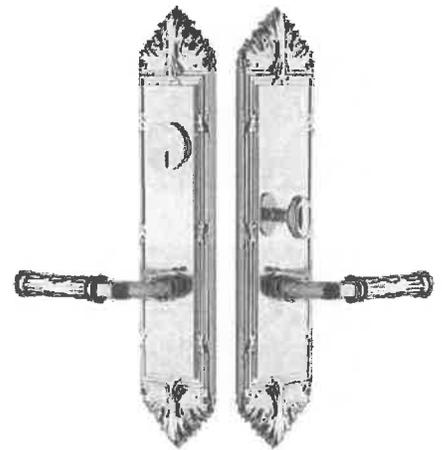

Restore original front door by stripping it of paint, filling in mail slot and restoring a lacquered, high-gloss finish. Restore the door hardware to a Victorian style entry set such as the (right) pictured Fenwick set by Baldwin Hardware, either in bronze or black. Rehang and discreetly weather strip.

Replace non-original window sashes and window openings with vertically oriented replica wood casement windows, as per proposed elevation drawings (see pages 23 to 26). Restore trim around these 'new' window openings as per original trim size (5.5") and style (square).

Restore back door on north elevation to a Victorian style back door with an upper-glazed portion such as the below photo of an 1890 salvaged door.

New basement level

This proposed addition to the historic house will be subtle and discreet in its siting behind landscaping (planted and constructed) so that the historic portion of the house is the most visible portion of the building from the street. The finishes on this level will be contemporary (concrete finish) and the window and door openings will mimic the historic ones in size but the trim detail will be slimmer. The basement addition will thus be compatible with, subordinate to and distinguishable from the historic place, as required in the Conservation Standards & Guidelines for additions. See illustration of this level on the proposed elevation drawings on pages 23 to 26.

g. Finishes - Restoration:

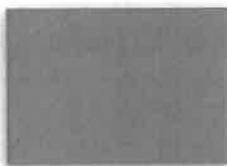

The current colour scheme is dominated by the 1958 bottle-dash stucco and texture which is in contrast to the dark, glossy and smooth painted finish an 1890s house would have featured.

The below proposed colour scheme is based on spot-scraping of original trim elements which revealed an almost black, dark green original paint layer. Inspired by the sepia archival photograph of the Hill Residence on page 18 and in line with 'drab' Victorian exterior colour schemes, the cladding too is proposed to be a deep, dark colour. The contrasting elements will be the light buff colour of the gable stucco and the window sashes, as per the same treatments on the Hill Residence.

Colour Scheme - all Benjamin Moore colours

all trim boards including window and door trim, facia, brackets, columns and finials
Salamander 2050-10 (matched to original paint colour found on building)
semi-gloss finish

body wood siding
Edwardian Pewter VC-23
low luster finish

gable stucco and window sash
Edwardian Buff VC-6
window sash in high gloss finish

front door
clear lacquer/stain

new construction body and trim
concrete (or)
concrete colour

Future Changes

Changes to the building configuration, especially additions, should be carefully considered for minimal affect on the **Heritage Values** as embodied in the **Character-Defining Elements** (CDE) listed in the **Statement of Significance**.
