INDEPENDENT AUDITORS' REPORT

To the Mayor and Council of the Corporation of the City of New Westminster

Opinion

We have audited the consolidated financial statements of the Corporation of the City of New Westminster (the "City"), which comprise:

- the consolidated statement of financial position as at December 31, 2021
- the consolidated statement of operations for the year then ended
- the consolidated statement of change in net financial assets for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the City as at December 31, 2021, and its consolidated results of operations, its consolidated changes in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditors' Responsibilities for the Audit of the Financial Statements**" section of our auditors' report.

We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the City's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on City's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause City to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

CORPORATION OF THE CITY OF NEW WESTMINSTER
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

The Corporation of the City of New Westminster (the “City”) is a local government in the Province of British Columbia. In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. This resulted in governments worldwide, including the Canadian federal and provincial governments enacting emergency measure to combat the spread of the virus. The economic conditions and the City’s response to the pandemic had an impact on the City’s operating results and financial position in 2020 and 2021.

1. SIGNIFICANT ACCOUNTING POLICIES

The City prepares its consolidated financial statements in accordance with Canadian public sector accounting standards as issued by the Public Sector Accounting Board (“PSAB”) of the Chartered Professional Accountants of Canada. The accounting policies of the City include the following:

(a) Basis of Presentation

These consolidated financial statements include the accounts of all the funds of the City and the Library and Police Boards. Inter-fund transactions and balances have been eliminated.

(b) Cash and Cash Equivalents

Cash and cash equivalents consist of cash, highly liquid money market investments and short-term investments with maturities of less than 90 days at acquisition.

(c) Investments

Investments in the Municipal Finance Authority of British Columbia (“MFA”) Pooled Investment Funds – Intermediate and Bond Funds are recorded at cost. Cost is comprised of subscriptions net of redemptions plus earnings that are reinvested in the funds.

(d) Employee Future Benefits

The City and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred.

Sick leave and post-employment benefits also accrue to the City’s employees. The liabilities related to these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefits plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

(e) Deferred Revenue

Deferred revenue represents licenses, permits, other fees and grants which have been collected, but for which the related services have not been performed and / or projects have not been constructed. These amounts will be recognized as revenue in the fiscal year the services are performed and / or the projects are constructed.

(f) Development Cost Charges (DCCs)

Development cost charges are deferred upon receipt and recognized as revenue only to the extent used to finance related authorized capital projects.

(g) Budget

Budget data presented in these consolidated financial statements is based on the City’s Five-Year Financial Plan for the years 2021 – 2025, adopted by Council on February 22, 2021.

CORPORATION OF THE CITY OF NEW WESTMINSTER
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(h) Government Transfers

Restricted transfers from governments are deferred and recognized as revenue as the related expenditures are incurred or the stipulations in the related agreement are met. Unrestricted transfers are recognized as revenue when received or if the amount to be received can be reasonably assured.

(i) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible Capital Assets

Tangible capital assets are initially recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Major Asset Category	Useful Life
Building	10 - 70 years
Vehicles and Equipment	3 - 50 years
Park Improvements	5 - 80 years
Engineering Structures	15 - 100 years
Electrical Distribution System	5 - 100 years

Annual amortization is charged in the year that assets are available for productive use. Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the City's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

(ii) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(iii) Works of Art and Historic Assets

Works of art and historic assets are not recorded as assets in these consolidated financial statements.

(iv) Natural Resources

Horticultural assets such as treed areas, grassy areas and gardens are not recognized as assets in these consolidated financial statements.

CORPORATION OF THE CITY OF NEW WESTMINSTER
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Non-Financial Assets (continued)

(v) Interest Capitalization

The City does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

(vi) Leased Tangible Capital Assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(vii) Inventory of Supplies

Inventory of supplies held for consumption are recorded at the lower of weighted average cost and replacement cost.

(viii) Prepaid Expenses

Prepaid expenses are recorded as assets in these consolidated financial statements.

(j) Reserves and Reserve Funds

(i) Reserves Set Aside by Council

Reserves set aside by Council are surpluses from the current operations to finance future capital and maintenance projects. These internally restricted funds are not available for unrestricted purposes without the approval of Council.

(ii) Statutory Reserves

Statutory reserves are funds that have been internally restricted by Council. Formal establishing bylaws have been adopted pursuant to the Community Charter, which define how these reserves are to be used.

(k) Revenue Recognition

Taxation revenue is recorded at the time property tax bills are issued. Restricted revenues are recognized as revenue when the funds have been spent in accordance with the restrictions. Unrestricted contributions are recognized when received and collection is reasonably assured. Utility rates, sale of services and other revenues are recognized when earned.

(l) Use of Estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements, and the reported revenue and expenses during the reporting period.

Actual results could differ from management's best estimates as additional information becomes available. Adjustments, if any, will be reflected in the consolidated financial statements in the period that the change in estimate is made, as well as in the period of settlement if the amount is different.

CORPORATION OF THE CITY OF NEW WESTMINSTER
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) Segment Disclosures

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information.

(n) Liability for contaminated sites

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The City is directly responsible or accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include \$33,799,222 (2020 - \$45,231,155) invested in the MFA Pooled Investment Funds – Money Market Fund, which is considered equivalent to cash as it is highly liquid and subject to insignificant risk of changes in value.

The other DCC Reserves will be repaid with interest at the earlier of when the funds are required to complete DCC capital works and sufficient Queensborough Transportation DCCs are collected.

6. PENSION PLAN

The City and its employees contribute to the Municipal Pension Plan (a jointly trusted pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2020, the plan has about 220,000 active members and approximately 112,000 retired members. Active members include approximately 42,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

CORPORATION OF THE CITY OF NEW WESTMINSTER
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

6. PENSION PLAN (continued)

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The City paid \$7,985,324 (2020 - \$7,724,529) for employer contributions to the plan in fiscal 2021.

The next valuation will be as at December 31, 2021, with results available in 2022.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

7. EMPLOYEE BENEFIT PLANS

The City provides certain post-employment benefits, compensated absences, and termination benefits to its employees. These benefits include accumulated non-vested sick leave and post-employment disability benefits.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the Year Ended December 31, 2021**

16. COMMITMENTS

In January 2012, the City entered into an operating agreement with BC Hydro for the New Westminster Substation. The agreement commits the City to reimburse BC Hydro for all costs relating to operating, maintaining and upgrading the substation. The initial term of the agreement was effective until March 31, 2015 with subsequent five-year renewal periods until such time as either party serves written notice of termination at least one year prior to the end of the current five-year term. On March 31, 2020 the term of the agreement was automatically extended until March 31, 2025.

17. CONTRACTUAL RIGHTS

The City has various contracts with organizations that are expected to result in the following revenues over the next five years that are either to provide services to or acquire capital assets for the community, or are for the use of City assets through property, fibre optic and advertising space agreements.

	<u>2021</u>
2022	\$ 11,086,299
2023	\$ 3,476,228
2024	\$ 1,894,317
2025	\$ 1,731,874
2026	\$ 1,407,297

Certain contractual rights are not included in the above schedule as the amounts received vary from period to period and cannot be estimated.

18. GRANTS FROM OTHER GOVERNMENTS

Grants from other governments include:

	<u>2021</u>	<u>2020</u>
Federal	\$ 815,505	\$ 784,095
Provincial and Regional	4,382,634	9,792,963
	<u>\$ 5,198,139</u>	<u>\$ 10,577,058</u>

19. COMPARATIVE INFORMATION

Certain comparative information has been reclassified to conform to the City's financial statement presentation adopted for the current year.
