---

Dear Denise,

As you know, Family Place has been given short notice that we will be forced to vacate our home at the Qayqayt Neighbourhood Learning Centre as of March 1, 2023.

We have been working hard in order to secure adequate space in the downtown location so that we can continue to serve families. We have managed to secure a wonderful location Quayside – a neighbourhood that was the #1 choice for our families. We have also negotiated to secure the space at significantly lower than market rate. We do not currently have a lease and this is a significant expense that our organization will be taking on. We are looking for emergency support from the City of New Westminster to help subsidize the new space that will enable our programs to accommodate even more families and a training room that can provide for even more parenting support groups and workshops.

We are requesting emergency support in the amount of \$6,300.

Please see the attached document for the impact and numbers behind the great work that Family Place does and what a beloved institution in the City of New West.

Please let me know if you have any questions,

Dana Osiowy  
604-802-4554
