Attachment #1B Budget Categories

The Financial Plan – General Fund presentation aligns with the City's financial statement presentation. This is a more comprehensive view that includes operations, capital and reserves categories of the Financial Plan – General Fund.

The tables included in this appendix show how the General Fund budgets for 2023 break out in to each category; the break out for 2022 has been provided for comparison. The following summarizes the key budget items within each category.

Operations Category

The General Fund operating budget is the largest category and key to deriving the City's Annual property tax rates. It includes the ongoing revenues (municipal taxation, sale of Services etc.) and expenses (salaries, supplies and materials etc.) associated with providing general city services, including police, fire and rescue, parks, culture, recreation, library, engineering, development services and support services.

General Capital Category

The capital category defines how the City's capital program is to be funded in the year. The items that are included in the capital section include:

- a) Capital expenses
- b) Revenues from capital grants, contributions, and DCC's;
- c) Proceeds from debt to fund capital;
- d) Transfers from reserves to fund capital;

The capital expense and funding sources are summarized at the bottom of the tables in this appendix.

Reserves Category

Certain budget items directly impact reserves because of statutory requirements (i.e. land Sales must be credited to a special reserve) and Council direction. These items are usually unique in nature (casino revenues) and / or less predictable (property sales) and therefore, not conducive to being included in the operating budget. The items that are included in the reserve category are:

- a) Casino Revenues that go directly to the Community Development Fund;
- b) Proceeds from the disposal of land that go directly to the Construction of Municipal Works Reserve;

- c) Digital Signage Revenues that go directly to the Facility Replacement Reserve for the Massey Theatre and Affordable Housing Reserve;
- d) Proceeds from the sales of Low Carbon Fuel Standard credits that go directly to the Climate Action Reserve;
- e) Debt retirement paid from DCC Reserves;
- f) The annual transfer from the Electrical Fund to General Provisions to help pay for General Fund capital projects; and
- g) The transfer of borrowed funds from the Sewer and Water Funds to General Provisions to help pay for the Ewen Avenue reconstruction project (in 2017 and 2018) and the repayments that began in 2019.
