I write in support of the proposed townhouse development at 8th and 8th.

I have read the material regarding the proposed development and, in my view, it is a project well-suited for the location. It achieves the goal of providing units suitable for families in a central location, close to amenities and well-serviced by transit. It also provides a transition from the busy intersection of 8th and 8th to the surrounding single family homes.

In my view, the proposed development fills a need in New Westminster for more family-oriented multi-family housing, while also retaining and revitalizing an older home.

Yours truly,
Leslie Tucker
