Hasso Behn just submitted the survey Comments for Council with the responses below.

### **Leave your feedback**

To the New Westminster Council: Please read Attachment 6 applicant-Led Consultation and Be Heard New Westminster Summaries Re & Re 8th and 8th Townhome Development Proposal Page 280/594 The letter I refer to covers what residents in our neighbourhood strongly feel. My wife and I also spent many hours at OCP meetings to develop what we thought our communities would look like going forward. The only change I see from this Developer from a year ago is that he is now going to give all the units a membership with Evo carshare. The neighbourhood will now also have to deal with Evo vehicles. As much as everyone would like to think that vehicles are going to go away they will not. Vehicles may change to electric, hybrid, etc but they're not going away .
