

## Attachment #3

### *Summary of Application Revisions*

## Attachment 3: Policy and Regulation Context

### Downtown Community Plan Land Use Designation

*Mixed Use High Density:* The Downtown Community Plan notes the following details regarding the Mixed Use High Density Designation:

- mixed-use (commercial and/or residential) throughout Downtown, outside of Columbia Street Historic Mixed-Use;
- retail, office, service or residential uses;
- any combination of the above (can be one use or multiple uses)
- Commercial development is required only in areas identified in the Downtown Community Plan and only at street level.

The form of the proposed development is generally consistent with the Mixed Use High Density Land Use Designation in the Downtown Community Plan.

### Development Permit Area

The site is within the #1 Downtown Development and Special Development Permit Area. The Development Permit Area seeks to support the Downtown's Regional Town Centre designation in the Regional Growth Strategy. This Development Permit Area outlines objectives and guidelines for:

- The form and character of commercial, multifamily, institutional and intensive residential development.
- Protection of the natural environment, its ecosystems and biological diversity.
- Revitalization of an area in which a commercial use is permitted.
- Objectives to promote energy and water conservation and reduction of greenhouse gas emissions.

A Special Development Permit (SDP) is required before doing any work which would result in development or alteration to the lands or exterior of buildings on the lands within this portion of the Downtown. SDPs function similar to a regular Development Permit, but under the New Westminster Redevelopment Act, the City was given special authority to regulate urban redevelopment within this area. SDPs can be issued by the Director of Development Services.

### Secure Market Rental Housing Policy

The variety of strategies and actions outlined in the Secured Market Rental Housing policy are aimed at retaining, renewing and enhancing the supply of secured rental housing. The provision of secured market rental housing through this application supports the objectives of the Secured Market Rental Housing Policy.

The policy exempts projects which provided secured market rental housing from provision of Voluntary Amenity Contributions.

### **Inclusionary Housing Policy**

The purpose of the Inclusionary Housing Policy is to help meet the City's affordable rental housing needs by securing built below market and non-market rental units in new multi-unit strata residential and mixed use residential developments seeking additional density.

Projects which include 100% of units as secure market rental housing are exempt from the policy.

### **Downtown Building and Public Realm Design Guidelines and Master Plan**

The Downtown Building and Public Realm Design Guidelines and Master Plan provides guidance in achieving a high quality, cohesive Downtown that honours the historical and cultural context of New Westminster. This document serves as a toolkit to inform public realm improvements both on and off-site within the Downtown area.

The subject site is located within the Tower Precinct in the Downtown Building and Public Realm Design Guidelines. This area is described as follows within the guidelines:

*The Tower Precinct will continue to develop as a highly urbanized component of New Westminster's Downtown with the SkyTrain Station at its core. Serving as a regional destination, it is anchored by existing and developing education and commercial destinations, including Douglas College, Plaza 88 and the retail mall at the foot of Royal Ave. It is anticipated that the area will accommodate a significant share of Downtown's residential and commercial growth.*

### **Zoning Bylaw**

The subject properties are currently zoned Multiple Unit Residential Districts (High Density) (RM-6). This zoning district allows a base residential density of 2.5 FSR and a maximum height of 21.34 metres (70 feet).

### **Density Bonus Phase 2**

In 2014, Council adopted amendments to the Zoning Bylaw which implemented Density Bonus Phase 2, as well as the Density Bonus Phase 2 Policy, which covers high density development in Downtown.

The subject sites are located in Downtown and are included within the Program and Policy based on their current Downtown Community Plan designation. The Policy would support a rezoning of this site to RM-6(DB) which would allow the subject sites a maximum residential FSR of 5.2 and a maximum height of 73.15 metres (240 feet) – about 24 storeys - in exchange for bonus density amounts set out in the Zoning Bylaw.

The proposed application exceeds the maximum height and FSR under this policy and proposes an FSR of 8.78 and 32 storeys.

Where an application exceeds the height and density anticipated, the policy allows Council discretion where unique and exceptional circumstances warrant additional density.

The Zoning Bylaw exempts secured market rental housing projects from pay Density Bonus payments.

### **Family Friendly Housing Bylaw and Design Guidelines**

The Family Friendly Housing Policy provides requirements for the mix of units with two and three bedrooms as well as guidelines that ensure units are usable by families. Market condominium developments are required to provide 10% three bedroom units and 30% two and three bedroom units. Secured rental building are required to provide 5% three bedroom units and 30% two and three bedroom units. The proposal is secured rental and includes 19 (5.4%) three bedroom units and 134 (38.1%) two and three bedroom units and is consistent with the policy.
