# Vision Process

# Project Approach

*Integrating ideas and direction from local First Nations, City Council, the community, Ideas Challenge participants, and technical expertise.*

# Planning/Ideas Challenge Framework

Goal	A climate-friendly neighbourhood where everyone can thrive				
Foundational Values	Truth & Reconciliation		Climate Action		Equity, Diversity & Inclusion
Themes	Land Use & Housing	Mobility & Infrastructure	Landscape & Water	Buildings & Energy	Community Connections
	<i>Growth near transit, diverse &amp; affordable housing</i>	<i>Sustainable transportation options and infrastructure</i>	<i>Nature-based solutions, connected open space, sustainable food systems</i>	<i>Zero emission buildings, energy efficiency and conservation, embodied energy, local renewable energy</i>	<i>Social connection, sense of place, Coast Salish cultural revitalization</i>

# For Discussion

- Do you have any questions?
- Any key considerations or early ideas on reaching and balancing project objectives?
