Acting Mayor McEvoy recognized with respect that New Westminster is on the unceded and unsurrendered land of the Halkomelem speaking peoples. He recognized that, as a City, we are learning and building relationships with the people whose lands we are on.

### 3.1 **Budget 2024: Refined 2024 - 2028 General Fund Capital Plan and Funding Strategy**

Staff presented on the updated 2024-2028 capital budget, the funding strategy, expected risks and potential risk mitigation options and next steps.

Discussion ensued on:

- Staff noted that although the Active Transportation Network Plan is intended for both pedestrians and cyclists, the upcoming focus of funding is to enhance the cycling network, completing 1-2 routes with an approximate length of 2-3 kilometers. The Active Transportation Plan was approved by Council in fall of 2022 and presented a five-year city-wide active transportation network estimated at \$36M;
- The City is receiving approximately \$1.5M in interest payments from the Climate Action Reserve Fund (CARF), the funds will be put into the capital plan for deployment therein;
- In consideration of the price of turf for playing fields, staff advised the price was established before the pandemic and the project has been delayed for several years but is now inserted into the capital projects budget for 2024-2028; and
- The Queen's Park Petting Zoo was also presented to Council before the pandemic and was envisioned to be completed in two phases. With the second phase now coming up, additional funding is required.

MOVED and SECONDED

**THAT** Council direct staff to adjust the City's 2024-2028 Consolidated Five Year Financial Plan to incorporate up to \$500K for the installation of a new street light system at the corner of Second Street and Sixth Avenue and that the source of funding be the Growing Communities Fund Reserve;

**THAT** the balance of \$2.95M remaining in the Growing Communities Fund Reserve be allocated to support new investments in recreation related amenities; and

**THAT** these new recreational amenities be prioritized in neighbourhoods that have historically lacked equitable access to sports and recreational facilities.

**Procedural Note:** The motion was divided into three parts and Council proceeded to vote on the first part.
