SURVEY RESPONSE REPORT

29 October 2020 - 15 February 2024

PROJECT NAME:

408 East Columbia Street

SURVEY QUESTIONS

Q1 | Share your feedback on the proposed bylaw amendment to increase the total amount of space allowed for "non-active" uses from 30% to approximately 50% on the street level at 408 East Columbia Street. This amendment would allow for a proposed dental clinic and would permanently increase the total amount of space allowed for "non-active" uses.

No to a dental office. We have enough medical offices. No more.
Let's support a retail business that would be open after hours to create energy, ambiance and walk in traffic for everyone's enjoyment.

My wife and I recently moved to this area. We were charmed with all of the local, UNIQUE, businesses in the area. Gourmet doughnuts, a classic arcade, a collectables shop, an archery range/store, a homey little grocery store and another convenience store, and several family run restaurants. This is one of the reasons we were charmed by the area. Sapperton can be a shining beacon for New Westminster and can continue to stand apart. I understand the need for essential services but there are already many dental offices in the area already. This is plain and while financially necessary for the building, I would rather a dental office not take up more space than it needs to. I am against this rezoning application.

Sorry, but put it somewhere else. Stay with the original plan. We need stores that cater to people, not just a few of the doctor's patients.
Please do not allow this office in area. It is almost dead anyways, it need more vibrant stores.

Isn't this the reason for the second floor in this building? Can that please be maximized first? Active use is key to this neighbourhood already over run with pharmacies, doctors offices and clinics on the main floor
