Good evening,
I recently saw the updates and news regarding a code of conduct complaint about the Mayor's trip. I am happy to hear that this process functions as it should, and even more so that the Mayor is accepting the recommendations given. That being said, I believe the trip was quite beneficial to all inhabitants of New Westminster, since the city got money that can be invested in youth driven climate action. This is excellent.
While I am have your attention and regarding tomorrow's council meeting, I would like to support point 6.4 that talks about extending the use of the Army and Navy for a temporary shelter.

Thank you for your time,
Emiliano
