New Westminster Community Grants Policy

1. PURPOSE

- 1.1. Community Partners¹ play a crucial role in making New Westminster vibrant and livable. They deliver essential, creative, and innovative programs, services, supports, facilities, and engagement opportunities for the people of New Westminster. Through this Community Grants Program, the City aims to recognize and support this important work, which is key to achieving the City's vision of: *A vibrant, compassionate, sustainable city that includes everyone.*

2. SCOPE

- 2.1. The New Westminster Community Grants Policy applies to all applications for funding and grants within the City of New Westminster's Community Grants Program. It does not apply to grants by the New Westminster Public Library or the New Westminster Police Department.

3. GUIDING PRINCIPLES

- 3.1. The City of New Westminster's Community Grants Program is guided by a set of core principles and values that reflect the City's commitment to building a vibrant, inclusive, and resilient community. These principles ensure that the grants we provide not only support the immediate needs of Community Partners but also contribute to long-term growth, engagement, and impact across the city.
 - a. Building Community Capacity – The City of New Westminster is strengthened by the unique expertise and essential activities provided by partners that respond to challenges and opportunities in the community. The City recognizes that funding from the Community Grants Program builds capacity, creates the potential for self-sufficiency, and provides leverage, resulting in increased impact in the community.
 - b. Community Partners – All community organizations are the City's partners in achieving its vision. The City supports these partners through both cash funding and in-kind City Services that help them make a meaningful impact.

¹ Community Partners – All community organizations are the City's partners in achieving the City's vision and the City supports these partners to have impact. Community partners include: Community Groups, Non-Profit Societies, Registered Charities, Service Organizations, Local Sport Organizations or Teams

- c. Supportive Process – The City is considerate of the diversity of skills and resources available within Community Partners. The City will provide a supportive application and reporting processes scaled to the size of grants provided, and that limits the administrative burdens to ensure the success of Community Partners.
- d. Responsiveness – The Community Grants Program ensures timeliness to respond effectively to the community, enabling the successful delivery of activities throughout New Westminster.
- e. Stewardship – The City commits to being effective and prudent stewards of taxpayer dollars, City resources, and assets. The grants budget will be set annually within the context of the overall City budget.
