### *Proximity to Transit Service and Other Sustainable Transportation Options*

#### **ATTACHMENT 4: PROXIMITY TO TRANSIT SERVICE AND OTHER SUSTAINABLE TRANSPORTATION OPTIONS**

The site has a sidewalk on both Regina and Fourth Streets but not on Sydney Street: the installation of one would not be required as part of this development. Located nearby, within 0.3 km. (0.2 mi.), Second Street forms part of the bikeway/greenway network. Though not typically required, enclosed bike storage is being proposed for all units.
