

RE: Proposed Heritage Revitalization Agreement for 102 Seventh Avenue

Dear Mayor, Council and City Staff,

I am a resident of New Westminster, and I am writing in support of the proposal to preserve the Maddock House and new plan to for a duplex.

I find that too many new homes are built in our city, and we should do more to preserve the heritage of New Westminster. The Maddock house is beautiful home that should be preserved.

I think the city should support more initiatives like this one to create more densification and to allow new families to be able to move to New Westminster

Sincerely, Premdeep Singh Hoonjan
