Purpose of this email is to address the proposal for A Heritage Revitalization Agreement at the above address in Queens Park. As a resident of Queens Park, I approve 100% of the proposed renovation and development of this property.

This Revitalization Plan is well designed, greatly improves the appearance of the street, but also offers increasing housing choice with the addition of the new 208 sq.m. house on the new lot. In my opinion, this increases the affordability options in the Queens Park neighborhood.
