---

To the Members of Council,

My name is Melinda Michael and I had the honour of sitting on the Advisory Planning Commission. I am writing my letter of support for the 328 Second St Revitalization project.

As a resident and community member of New Westminster, who has started and is currently raising a family in this city since 2007, I fully support projects that allow for meaningful densification.

The cost of housing is getting further and further away from the grasp of many in our community and creating newer homes in spaces that previously served only single-family homes is a necessity.

After reviewing the project details, I feel that the 328 Second St project aligns with the HRA incentives and tastefully adds to the Queens Park community without significant alteration to the streetscape. I hope that more projects like this will be seen in the future.

Sincerely,

**Melinda Michael**, CPA, CGA  
*Resident of New Westminster*  
*Former Member of the Advisory Planning Commission*
