To Whom It May Concern,

I am writing in support of the above application and development. I have been a long time resident of New Westminster with many of those years spent in the Queens Park Neighbourhood which is where I currently reside. I am in support of the project because I feel it improves the neighbourhood it also adds much needed housing which is in very high demand. I have looked at the plans and I feel the project looks really nice and will add to the neighbourhood.

Thank you for your time,
